PLAINTIFF MM STEEL’S SIXTH AMENDED EXHIBIT LIST

Where noted below, MM Steel has identified alternative versions of exhibits with an “A” that have been redacted and will be used in place of the unredacted version only in the event that a defendant contends, and the Court concurs, that the unredacted version would open the door to matters that have been excluded by Court order. MM Steel does not believe that the unredacted versions of the exhibits open the door to matters that have been excluded by Court order. By listing any of the below exhibits, redacted or unredacted, MM Steel does not intend to encroach on any of the Court’s rulings and reserves the right to withdraw any exhibit that does.
